Mon 6th June

INSET DAY

All year groups in school have been taking part in Zumba sessions and the year groups who have already done Zumba have thoroughly enjoyed it.

Active Kids Vouchers from Sainsburys

The last date for school to accept vouchers is 3rd May. The collection box is situated in reception. Thank you to all parents who have already contributed voucher, these are gratefully appreciated.

Year 4 residential trip to Kingswood

The year 4 Kingswood trip was a great success. Year on year the children get to experience a wide range of adventure activities including climbing, zip wire and archery, to mention just a few. It is a great environment for challenging themselves, and gives the children a chance to have fun with their friends, and to make new ones. Everyone had a great time, and the weather was on our side too.

ATTENDANCE

The school attendance is currently 95.5% this time last year it was 94.1%. Thank you for your continued support, let's continue that momentum and aim higher and aim to achieve 96% + by the end of this term. Please take a look at the table below which shows that if your child attends every day until the 1st April how much their attendance will improve by:

If your child's current Attendance % is...	If your child attends every day until the 27 th May their attendance potential could be.....
84%	87%
88%	90%
91%	93%

As you can see it is not too late for your child to have excellent attendance and achieve their potential. Remember Melanie, is in school every Wednesday. You may also contact her Monday - Friday on her mobile or What's app 07824157622 if you need

any support at all, she can help with family support, attendance and punctuality.

Please note, that in-line with Government policy we cannot authorise any holidays during term. If you do take holiday you may be referred to the Local Authority who may issue a penalty notice of £60 per child per adult (subject to change).

SCULPTURE

This half term, St Ann's Well Academy are completing an Art block. During this time we will be focusing on sculpture. The children will learn what sculpture is and have the opportunity to look at a variety of sculptures. After the design process, the children will create their own piece of sculpture formed from Modroc. We are looking forward to seeing the variety of imaginative pieces they create!

As the summer approaches, our musical activities continue. Some of our children will take part in a large gathering of voices called "The Big Sing", at the Albert Hall. We continue to sing, play djembes and stringed instruments within our weekly music programme of learning and plan to perform to you at the end of the summer term.

St Ann's Well Academy is buzzing with science for the Summer as our children explore the science in our everyday lives and the world around us.

Year 1 are finding out what makes the garden grow and how we need plants to live;

Year 2 are biologists finding out what it means to be alive;

Year 3 are finding out the secrets of flowers and pollination and trying to grow the biggest and best plants as well as learning about the bones of humans and animals;

Year 4 - put the whizz, bang, pop into chemistry with their investigations into solids liquids and gases

Year 5 will be investigating how to separate different materials and finding out about reversible and irreversible changes—think burnt toast, melted chocolate and rusty metal;

Year 6 will be investigating the human body and finding out about how our hearts work and making good choices to keep fit and health.

After School Clubs

Monday

Street Hockey
Years 3-6
Cooking
Years 1-6

Tuesday

Art & Craft Years 1-6
Cricket Years 3-6
Cheerleading

Be a Confident Parent

Thursday mornings starting from 28th April for five weeks ending Thursday 26th May

Bring a Parent to School

Tuesday 17th May (am)

Parents Group

Every Friday morning

Social Media

It has come to our attention that a number of the older children in school are using social media sites (Facebook, Snapchat, OoVoo etc) to contact each other outside of school. The recommended ages to use these sites is 13 years old but if you decide to allow your children access to them please ensure they are using them responsibly, politely and safely. There have recently been a number of occasions where an argument or disagreement has been brought into school and it has affected the children's learning and friendships. Many thanks for your support and vigilance to ensure the children are being as safe and responsible online as they should be face to face.

School Catering Company e@t.
Spring/Summer menus can be viewed on the noticeboards in the playgrounds, in the school entrance and on the school's website.
